

DIS Student Meeting

The development site crashed and access has been limited until the server can be restored to the last working state. BuddyPress was reported as the culprit for 60% of the excessive memory load on the server. The DIS students will look into BuddyPress alternatives that will be more lightweight.

Content for the iMaker Webpage will include how-to-videos.

Discussed

Screen capture walk through of the website as a deliverable and other handoff documentation were discussed again. No objections were made for this to be a primary deliverable.

iMaker Monday: Theme, Events, & Uses

Visit to the Fab Lab has been scheduled for next week. Attendance for the trip was taken and set at 9. The FabLab's GA will give the tour: Ryler Calabrese.

The FAR field trip has not yet been scheduled.

Discussed the relationship with student groups and the Collaboratory.

Dr. Landbeck discussed the tech list with DIS students and the E- series courses for the iSchool. Organization of the E-series course work will be essential to the success of scheduling.

Dr. Marty discussed that the DIS will not continue next semester and that it will be replaced with a special topics course that will encourage innovating with open source software. Example: Legacy walk app using CurateScape plugin as an Omecca layer.

Corrected previous discussion reflection meeting minutes. Corrected next meeting to read "2pm November 17th " and not "2pm December 1st". Corrected "*Open Forum*" to read "*Field Trip*".

Next meeting: 2pm November 24th

FabLab Field Trip

Attendance:

Mathew Akins	moa11@my.fsu.edu	CCI
Michael DuBose	mhd12@my.fsu.edu	CCI
Chris Landbeck	clandbeck@fsu.edu	iSchool
Paul Marty	Paul.Marty@cci.fsu.edu	iSchool
Yonathan Moore	ym11d@my.fsu.edu	CCI
Nolan Pearson	nrp10c@my.fsu.edu	CCI
Rienne Saludo	rsaludo@fsu.edu	iSchool
